

Shanghai, with the innovative architectural designs, deep historical roots, fusion of modern skyscrapers and historical districts, and the city hosted the prestigious CIIE (China International Import Expo) as a global hub for commerce, culture, and innovation.

We had the privilege of participating in the CIIE Exhibition in Shanghai from November 5th to November 10th, 2023.

At the CIIE Exhibition, we showcased a diverse selection of wine brands at our well-designed booth. We engaged with visitors, fostered new connections, shared industry knowledge and organized wine tasting sessions for visitors.

Our director, Gordon Tso, was interviewed by both the CIIE exhibition's media outlet and an reporter of Chinese TV Channel (中央紀錄頻道), further establishing our company's presence and expertise.
